

SIRAAJE POULTRY & FEEDS COMPANY

Health & Safety Policy / Siyaasadda Caafimaadka & Badbaadada

SPF-POL-002 | Version 1.0

This policy sets the minimum health and safety rules for Siraaje Poultry & Feeds Company. It is written for practical employee induction in a feed-mill environment.

Siyaasaddani waxay dejinaysaa xeerarka ugu yar ee caafimaadka iyo badbaadada ee Siraaje Poultry & Feeds Company. Waxaa loogu talagalay tababarka bilowga shaqaalaha ee deegaanka warshadda quudinta.

Applies to Waxay khusaysaa	All employees, temporary workers, contractors and relevant visitors Dhammaan shaqaalaha, shaqaalaha ku-meelgaarka ah, qandaraaslayaasha iyo booqdayaasha ay khusayso
Location context Deegaanka	Ethiopia - Somali Region; hot tropical / semi-arid feed-mill conditions Itoobiya - Deegaanka Soomaalida; xaalad kulaylaha ah / dhul engegan oo qayb ahaan qalalan oo warshad quudin ah
Policy owner Mas'uulka siyaasadda	Management / designated responsible supervisor Maamulka / kormeeraha mas'uulka ah ee loo magacaabay
Employee rule Xeerka shaqaalaha	Read, understand, follow, report deviations and ask when uncertain Akhri, faham, raac, soo sheeg wixii ka leexda xeerka, su'aalna weydii marka aadan hubin

1. Policy Purpose and Safety Responsibilities / Ujeeddada Siyaasadda iyo Mas'uuliyadaha Badbaadada

Siraaaje's safety policy protects people, feed, equipment and the surrounding workplace. Every employee has authority to stop work when a condition is unsafe.

Siyaasadda badbaadada ee Siraaaje waxay ilaalisaa dadka, quudinta, qalabka iyo goobta shaqada. Shaqaale kasta wuxuu xaq u leeyahay inuu joojiyo shaqada marka xaaladdu ammaan-darro tahay.

Core responsibilities / Mas'uuliyadaha aasaasiga ah

Follow training, machine instructions, PPE requirements, housekeeping rules and supervisor directions. Never hide an injury, near miss, equipment defect or unsafe shortcut.

Raac tababarka, tilmaamaha mashiinnada, shuruudaha qalabka ilaalinta shaqsiga (PPE), xeerarka nadaafadda goobta iyo tilmaamaha kormeeraha. Marna ha qarin dhaawac, dhacdo halis ku dhow, cillad qalab ama hab gaaban oo aan ammaan ahayn.

Stop-work rule / Xeerka joojinta shaqada

Stop equipment or work when there is immediate danger, unexpected machine behaviour, exposed moving parts, smoke, sparks, severe dust release, unstable stacks or chemical/feed contamination.

Jooji qalabka ama shaqada marka ay jirto khatar degdeg ah, mashiin si aan caadi ahayn u dhaqmaya, qaybo dhaqaaqaya oo furan, qiiq, dhimbil, boodh badan, xirmooyin aan degganayn ama wasakhow kiimiko/quudin.

Supervisor responsibility / Mas'uuliyadda kormeeraha

Supervisors ensure trained operators, guards, safe access, emergency equipment, maintenance, clear work areas and corrective action.

Kormeerayaashu waxay hubiyaan hawladeenno tababaran, gaashaannada mashiinnada, marin ammaan ah, qalabka degdegga, dayactirka, goob shaqo oo bannaan iyo tallaabo sixid.

Employee checklist / Liiska hubinta shaqaalaha

- I know my supervisor and emergency contact.
 - Waan garanayaa kormeerahayga iyo xiriirka degdegga ah.
- I know I may stop unsafe work.
 - Waan ogahay inaan joojin karo shaqo aan ammaan ahayn.
- I report hazards and near misses promptly.
 - Waxaan si degdeg ah u soo sheegaa khataraha iyo dhacdooyinka halista ku dhow.

2. Machinery, Lockout and Maintenance Safety / Badbaadada Mashiinnada, Go'doominta Tamarta iyo Dayactirka

Feed mills contain grinders, mixers, augers, elevators and conveyors capable of severe injury. Guards and energy isolation are mandatory controls.

Warshadaha quudintu waxay leeyihiin shiidayaal, qasayaal, augers, wiishash iyo conveyors sababi kara dhaawac culus. Gaashaannada iyo go'doominta tamartu waa xakameyn khasab ah.

Machine guarding / Gaashaanka mashiinka

Never operate machinery with required guards removed or defeated. Do not wear loose clothing or jewellery around rotating equipment.

Marna ha shaqaysiin mashiin gaashaankiisii khasabka ahaa laga qaaday ama la baajiyay. Ha xiran dhar dabacsan ama dahab agagaarka qalabka wareegaya.

Jams and cleaning / Xannibaadaha iyo nadiifinta

Never reach into moving equipment. Before dangerous cleaning, jam clearing or maintenance, stop the machine and isolate energy under the site's lockout procedure.

Marna gacanta ha gelin qalab socda. Ka hor nadiifin khatar leh, furista xannibaad ama dayactir, jooji mashiinka oo tamarta ka go'doomi sida nidaamka lockout-ka goobtu dhigayo.

Abnormal conditions / Xaaladaha aan caadiga ahayn

Stop and report unusual vibration, metal-on-metal noise, overheating, burning smell, damaged electrical cables, blocked conveyors or failing bearings.

Jooji oo soo sheeg gariir aan caadi ahayn, dhawaaq bir-bir ah, kulayl xad-dhaaf ah, ur gubasho, fiilo koronto oo dhaawacan, conveyor xanniban ama bearing xumaaday.

Employee checklist / Liiska hubinta shaqaalaha

- I never reach into moving equipment.
 - Marna gacanta ma geliyo qalab socda.
- I know emergency-stop locations.
 - Waan garanayaa meelaha emergency-stop-ku yaallaan.
- I do not restart defective equipment without authorization.
 - Qalab cilladaysan dib uma shido anigoon fasax haysan.

3. Dust, Noise, PPE and Manual Handling / Boodhka, Sawaxanka, PPE iyo Qaadista Gacanta

Grinding and handling feed creates dust, noise and lifting hazards. Engineering controls and good housekeeping come first; PPE provides additional protection.

Shiidiidda iyo maaraynta quudintu waxay keenaan boodh, sawaxan iyo khataro qaadis. Xakamaynta farsamada iyo nadaafadda wanaagsan ayaa mudnaanta leh; PPE-na wuxuu bixiyaa ilaalin dheeraad ah.

PPE / Qalabka ilaalinta shaqsiga (PPE)

Use assigned safety footwear, work clothing, suitable dust/respiratory protection, hearing protection, eye protection and gloves according to the task.

Isticmaal kabaha badbaadada, dharka shaqada, ilaalinta boodhka/neefsiga, ilaalinta maqalka, indhaha iyo galoofyada ku habboon hawsha.

Dust control / Xakamaynta boodhka

Keep extraction/ventilation working, avoid creating unnecessary dust clouds and remove settled dust routinely. Feed dust must be kept away from ignition sources.

Hubi in hawo-bixinta iyo boodh-saaristu shaqaynayaan, ka fogow boodh aan loo baahnayn, boodhka degayna si joogto ah u nadiifi. Boodhka quudinta ka fogee meelaha dab ka kici karo.

Lifting / Qaadista

Use safe lifting technique, team lifting or mechanical assistance for heavy bags. Keep travel paths clear and do not carry loads that obstruct vision.

Isticmaal hab qaadis ammaan ah, wada-qaadis ama qalab farsamo marka bacuhu culus yihiin. Waddooyinka socodka bannaan ka dhig hana qaadin wax kaa xannibaya aragga.

Employee checklist / Liiska hubinta shaqaalaha

- My PPE fits and is usable.
 - PPE-gaygu wuu igu habboon yahay waana shaqaynayaa.
- I keep dust and spills under control.
 - Waxaan xakameeyaa boodhka iyo wax daata.
- I ask for help with unsafe loads.
 - Waxaan caawimo weydiistaa culays aan ammaan ahayn.

4. Fire, Electrical and Emergency Response / Dabka, Korontada iyo Jawaabta Degdegga ah

Dry feed and airborne dust can burn. Electrical faults, hot bearings, smoking and open flames can create serious emergencies.

Quudinta qalalan iyo boodhka hawada ku jira way guban karaan. Cilladaha korontada, bearings kulul, sigaarka iyo ololka furan waxay abuuri karaan xaalado degdeg ah oo halis ah.

Prevention / Ka hortagga

No smoking or open flame in feed, warehouse or dust areas. Keep exits, extinguishers and electrical panels accessible. Report damaged wiring and overheating.

Sigaarka iyo ololka furan waa mamnuuc meelaha quudinta, bakhaarka iyo boodhka. Marinnada bixitaanka, dab-damisyada iyo panels-ka korontada ha furnaadaan. Soo sheeg fiilo dhaawacan iyo kulayl xad-dhaaf ah.

If fire occurs / Haddii dab dhaco

Raise the alarm, protect people first, stop/isolate equipment if safe, evacuate and account for personnel. Use an extinguisher only if trained and an escape route remains available.

Digniin bixi, dadka marka hore ilaali, qalabka jooji/go'doomi haddii ay ammaan tahay, bax oo hubi shaqaalaha. Dab-damis isticmaal keliya haddii aad tababaran tahay oo waddo baxsad kuu furan tahay.

Emergency readiness / Diyaargarowga degdegga

Know assembly points, first-aid location, emergency contacts and the route to the nearest suitable medical facility.

Ogow goobaha isu-imaatinka, meesha gargaarka degdegga ah, xiriirrada degdegga iyo jidka xarunta caafimaad ee ku habboon ee kuugu dhow.

Employee checklist / Liiska hubinta shaqaalaha

- I know the evacuation route.
 - Waan garanayaa jidka daadgureynta.
- I do not block emergency equipment.
 - Ma xannibo qalabka degdegga ah.
- I know where first aid is located.
 - Waan garanayaa meesha gargaarka degdegga ahi yaallo.

5. Chemical, Pest-Control and Contamination Safety / Badbaadada Kiimikooyinka, Xakamaynta Cayayaanka iyo Wasakhowga

Pesticides, fuels, lubricants, cleaners and other chemicals must never contaminate ingredients, packaging or finished poultry feed.

Sunta cayayaanka, shidaalka, saliidaha, nadiifiyeyaasha iyo kiimikooyinka kale waa inaanay marna wasakhayn maaddooyinka, baakadaha ama quudinta digaagga ee dhammaatay.

Storage / Kaydinta

Keep chemicals labelled, closed, restricted and physically separated from feed and packaging. Never use a chemical container as a feed scoop or feed container.

Kiimikooyinka calaamadee, xir, xaddid oo si jireed uga fogee quudinta iyo baakadaha. Weel kiimiko marna ha uga dhigin qaaddo ama weel quudin.

Use / Isticmaalka

Only trained/authorized personnel use pest-control or hazardous chemicals. Follow the product label and applicable safety information.

Keliya shaqaale tababaran/loo oggolaaday ayaa isticmaali kara sunta cayayaanka ama kiimikooyinka khatarta ah. Raac calaamadda badeecadda iyo xogta badbaadada.

Spill response / Jawaabta daadashada

Stop access to the area, protect people, prevent spread to feed, report immediately and place any potentially exposed feed on HOLD.

Xannib gelitaanka goobta, dadka ilaali, ka hortag in kiimikadu gaarto quudinta, isla markiiba soo sheeg, quudin kasta oo laga yaabo inay taabatayna geli HOLD.

Employee checklist / Liiska hubinta shaqaalaha

- I keep chemicals away from feed.
 - Kiimikooyinka waxaan ka fogeeyaa quudinta.
- I do not use unlabelled chemicals.
 - Ma isticmaalo kiimiko aan calaamad lahayn.
- I HOLD any feed potentially exposed to chemicals.
 - Quudin kasta oo kiimiko taabatay ama laga shakiyo waxaan geliyaa HOLD.

6. Incident Reporting and Daily Safety Check / Soo Sheegista Dhacdooyinka iyo Hubinta Badbaadada Maalinlaha ah

Safety improves only when problems are reported and corrected. Small near misses can reveal hazards before someone is injured.

Badbaadadu waxay hagaagtaa marka dhibaatooyinka la soo sheego oo la saxo. Dhacdo yar oo halis ku dhow waxay muujin kartaa khatar ka hor inta qof dhaawacmin.

Report immediately / Isla markiiba soo sheeg

Injury, near miss, fall, unstable stack, damaged pallet, guard defect, electrical fault, fire/smoke, chemical spill or uncontrolled dust release.

Dhaawac, dhacdo halis ku dhow, dhicid, xirmo aan degganayn, pallet dhaawacan, gaashaan cilladaysan, cilad koronto, dab/qiiq, kiimiko daadatay ama boodh aan la xakamayn.

Daily opening check / Hubinta furitaanka maalinlaha

Confirm clear exits, guards in place, floors/routes safe, scales/equipment visibly sound, PPE available and no unresolved hazard from the previous shift.

Hubi in marinnada baxa ay bannaan yihiin, gaashaannadu yaallaan, sagxadaha/jidadku ammaan yihiin, miisaannada/qalabku muuqaal ahaan fiican yihiin, PPE la heli karo, khatar aan la xallinna aanay ka harin shift-kii hore.

Closing check / Hubinta xiritaanka

Stop equipment safely, clean spills/dust, secure chemicals, report defects and leave the workplace safe for the next shift.

Qalabka si ammaan ah u jooji, nadiifi wax daatay/boodh, kiimikooyinka sug, cilladaha soo sheeg, goobtana ammaan uga tag shift-ka xiga.

Employee checklist / Liiska hubinta shaqaalaha

- No unresolved safety hazard is hidden at handover.
 - Khatar badbaado oo aan la xallin kama qariyo wareejinta shaqada.
- I record/report incidents truthfully.
 - Dhacdooyinka si run ah ayaan u diiwaangeliyaa/soo sheegaa.
- I never trade safety for production speed.
 - Badbaadada uma beddelo xawaare wax-soo-saar.

7. Employee Safety Acknowledgement / Qirashada Badbaadada ee Shaqaalaha

This page may be used during induction to confirm that the employee has received and understood the safety policy.

Boggan waxaa loo isticmaali karaa tababarka bilowga si loo xaqiijiyo in shaqaaluhu helay oo fahmay siyaasadda badbaadada.

Employee declaration / Qirashada shaqaalaha

I understand that I must follow Siraaaje safety procedures, use required PPE, never bypass guards, never enter or reach into moving equipment, report hazards and stop unsafe work.

Waxaan fahmay inaan raaco habraacyada badbaadada Siraaaje, isticmaalo PPE-ga loo baahan yahay, aanan baajin gaashaannada, aanan gelin ama gacanta u fidin qalab socda, khatarahana soo sheego oo joojiyo shaqo aan ammaan ahayn.

Supervisor verification / Xaqiijinta kormeeraha

The supervisor should verify practical understanding before authorizing independent operation of machinery.

Kormeeruhu waa inuu xaqiijiyaa fahamka shaqaalaha ee dhinaca ficilka ka hor inta uusan u oggolaan inuu kaligiis mashiin u shaqaysiiyo.
